STATEMENT UNDER 37 C.F.R. 1.47(a)

I, George H. Gates, hereby declare as follows:

(1) I am a patent attorney registered to practice before the U.S. Patent and Trademark Office. I am also a partner in the firm of Gates & Cooper LLP, which represents the Assignee of the above-identified patent application.

(3) Both inventors executed Declarations and Assignments in the present application, which were filed on September 21, 2000.

(4) I contacted both inventors by email on January 13, 2003. Both inventors responded that same day that they were available to review the declaration. Thereafter, I sent William C.Y. However, I have not received an explicit refusal from William C.Y. Lee to execute the Declaration.

(5) All statements made herein of my own knowledge are true and all statements made on information and belief are believed to be true; and further these statements were made with the knowledge that willful false statements and the like so made are punishable by a fine or imprisonment, or both under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
